# Nick Sabia

Full stack web developer

linkedin.com/in/nick-sabia  
github.com/sabs21  
nicksabia.tech

Adaptable 4-year professional full stack web developer with strong problem solving, analysis, and mentorship skills. Following agile methodologies, I've built successful features through rapid feedback and pair programming.

## Proficiencies

- HTML
- CSS
- JavaScript
- TypeScript
- C#
- Java
- MySQL
- T-SQL
- SQLite
- Docker
- Docker Compose
- Gradle
- Maven
- Git

## Experience

Software Developer - Technolutions *Feb 2022 - Present*

- Built features and fixed bugs for Slate, a college admissions CRM used by 1800+ colleges.
- Mentored an intern through front-end development techniques to create a microsite within Slate.
- Weekly sprint/feature planning, pair programming, and code review.
- Increased code coverage by writing unit and integration tests using Selenium.

Software Developer - Develomark *Oct 2019 - May 2021*

- Streamlined internal processes by building internal tools and reusable web components to meet client requirements.
- Led projects such as the Duda Search Engine for site searchability and the C-Log internal task logging tool.

## Projects

Express Portals - Technolutions *Apr 2022 - May 2022*

- Streamlined an existing feature called "Portals" which allows end-users to build microsites for event landing pages.
- Uses 64% fewer network calls than "Portals" to reach the same MVP.

Volunteer Management System - CCSU *Oct 2021 - Dec 2021*

- System allowing our non-profit client to manage and schedule events which let volunteers sign up for timeslots within events.
- Built the event interface and functionality, including timeslot assignment and time conflict detections.

Duda Search Engine - Develomark *Nov 2020 - Mar 2021*

- Search engine that crawls a Duda website to collect content, then serves relevant results from search queries supplied by the end-user.
- Allows web designers to deploy a search engine to a Duda web site within minutes.

## Education

Central Connecticut State University *Aug 2018 - May 2022*

- 3.96 GPA - President's List & President of Kappa Mu Epsilon CT Chapter
